Germantown, MD 20876

Email: SMEChangeOwner@hughes.net

Re. Transfer of Ownership Agreement Form

Attached to this letter is the documentation that must be completed when the ownership of a site or sites transfers from one company to another. Full documentation must be submitted to the above address before the change of ownership will be effective in Hughes' systems. All required fields must be filled out in order to be accepted and processed. Please allow Hughes 7 to 14 business days to complete the transfer of ownership process. For cases where more than 20 sites are being transferred, please allow 20 to 25 business days after all documentation has been received to complete the process.

Once the transfer of ownership process has been completed, the billing will start with the next following monthly cycle. All charges prior to that process being completed will be the responsibility of the Transferor. The Transferor must be in good standing in order for transfer of ownership to be completed.

If service to any transferred site is to be terminated, the Transferor will be responsible for any applicable termination fees (service and/or lease). If such termination takes place after the effective date of the transfer of ownership, however, the Transferee will be responsible for any such applicable termination charges.)

Section A: Transferee and Transferor Information

Please be advised on the following date* _____ transfer of ownership of the attached referenced locations has been agreed to by:

Please provide the information as it appears on your invoices from Hughes.

Transferor Current Bill-To Information:

Hughes Account Number:* _____
